THINK BIG!!

Big Data Job Fair

Be a part of an exciting start-up Company developing Big Data products and offering Analytic Solutions.

We are currently seeking innovative, enthusiastic people that thrive in dynamic settings with the ability to push themselves to the next level.

This is an opportunity to meet real Entrepreneurs and be granted an on-site, in-person interview. We will have food, drinks and a short presentation introducing Avlino at 11am. All interested MS candidates are welcome!!!!

Positions Include:

Full Time Permanent Employment

2015 Summer Internships
- Systems Engineers
- Data Scientists
- Solutions Architects
- Field Application Engineers
- Quality Assurance Engineers
- Java/Hadoop Developers
